

# AGENDA

Tools for Cities

Learning Activity

Supporting Cities

- Urban Metabolism history and theory
- **Activity Prompt 1:** From your disciplines and fields of research what other tools help us understand cities?
- **Activity Prompt 2:** Let's create a learning activity for undergraduates focused on Urban Metabolism.
- **Activity Prompt 3:** How can Urban Metabolism be leveraged to support municipalities in the efforts towards a circular economy?
- Thinking of the future to create sustainable cities
